

Certification Fees

Fee levels for certification to Fair Data program and ISO 20252 – the Standard for market, opinion and social research, including insights and data analytics.

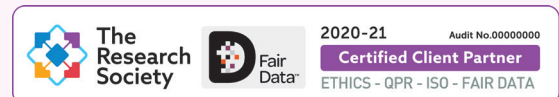

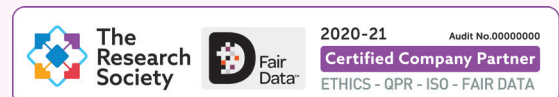

The Fair Data certification is done remotely through The Research Society Fair Data Portal.

ISO Experts is The Research Society preferred supplier for independent audits for the certification of research, insights and data organisations to Fair Data and ISO 20252:2012 & ISO20252:2019.

Certification to ISO 20252 requires an onsite third party audit with ISO Experts. Joint Fair Data and ISO 20252 audits will be done at the same time onsite using ISO Expert auditors.

For more information about Fair Data certification or to book an ISO 20252 audit, please contact, Elissa Molloy at The Research Society on elissa@researchsociety.com.au
